2026/2027 Driver Policies

In acceptance of your approval to drive at the Meadowlands Racetrack during this period all rules including the following must be adhered to.

1. No courtesy tucks. If you allow a horse in front of you in a hole, you must immediately pull to the outside and advance your horse by the 3/8th's pole.

2. No half in and half out racing style (No clogging the outer flow waiting to get another driver to commit to the outside).

3. No move overs at the top of the stretch (no imaginary passing lane created when the tiring leader fails to maintain a straight course off the final turn into the stretch in an obvious courtesy move to free a horse that may be pinned in behind them).

4. No kicking of horses.

5. Post parades must be neat and in order along with your feet in the stirrups past the grandstand.

6. No talking on the track during or after the post parade

Subject to revision at any time
